

FARM BUREAU TO ORGANIZE MADISON

Great Agricultural Federation To Put On Publicity and Educational Campaign

A group of leading farmers of Madison county met Monday at the court house at Richmond to lay plans for a Madison County Farm Bureau. E. P. Taylor of the organization department of the American Farm Bureau, was present and outlined the necessary steps for the perfection of the county organization which will be a part of the Kentucky Farm Bureau Federation, and a branch of the national organization.

The organization plan involves preliminary publicity so that every farmer in the county may know about the work of the Farm Bureau and be familiar with the splendid accomplishments of the organization. This preliminary publicity has been worked out very thoroughly and involves the use of some very attractive posters which will be put up throughout the county very soon. Attractive window stickers, window and pole cards will follow and some very readable booklets and pamphlets will be mailed out to every farm owner in the county.

In connection with this campaign of information there will probably be shown some Farm Bureau moving pictures which will give further ideas of the possibilities of the Farm Bureau. It is planned to show these moving pictures in a number of community meetings so that everyone will have a chance to see them. They will be shown without admission charge and a portable projection machine will probably be used where the meetings are held out in the country where there is no stationary picture show equipment. Talks will be given and everyone will have a chance to get full particulars of the Farm Bureau.

Following the publicity, leading farmers will take the field and by personal visit will take memberships in the county, state and American Farm Bureau. It is expected that Madison county will take an active and strong membership.

The Farm Bureau is the largest and most influential farmers organization in the entire United States and already is composed of over 1,000 county units from one end of the country to the other. It is a service organization which stands for co-operation among farmers. It is a national organization having as its object the well being of agriculture—economically, educationally and socially. Its purpose is to assist in making farm business more profitable, the farm home more comfortable and attractive and the community a better place in which to live. It seeks to accomplish in an organized way what cannot be accomplished through individual effort.

Geoffrey Morgan, secretary of the Kentucky State Farm Bureau with headquarters at Louisville, and who is well known in Madison county, is in the county with Mr. Taylor of the national office, to assist in the arrangements for starting the membership campaign at once. The temporary officers of the Madison County Farm Bureau are T. D. Chenault, president, Chas. H. Jett, vice president, T. H. Collins, secretary and treasurer, and a board of directors made up of representatives from various parts of the county. The county organization will be composed of community units.

Pike County Man

Must Die In Chair

Frankfort, Ky., June 6—Dave Brown, of Pike county must die in the electric chair at the Edenville prison, the Court of Appeals held today in affirming the death sentence of the Pike circuit court. Brown killed James Bromfield and his infant child as an outgrowth of a domestic tangle.

Corning Oil Up

(By Associated Press)

Pittsburg, June 6—Corning oil increased 15 cents a barrel here today. Its quotation now is \$2.35 a barrel.

MORE RAILROAD WAGES ARE CUT

So Prospects of Nation-Wide Strike Grows More Imminent Says Jewell

Strike Vote Ordered

(By Associated Press)

Cincinnati, June 6—A strike vote of approximately 1,200,000 railway workers in the United States will be taken by individual unions affected by the Railroad Labor Board's wage reduction recently ordered and pending, it was decided here today at a conference of labor leaders here. The vote will be returnable within 30 days.

(By Associated Press)

Chicago, June 6—Over the strong protest of three labor representatives on the Federal Railway Labor Board, the new wage cut of 7 cents an hour for railway shop mechanics and 9 cents for freight car men, cutting 400,000 shop men approximately \$60,000,000 a year was ordered today by the board. It comes on the heels of the cut of \$50,000,000 annually in the maintenance-of-way employees which was ordered last week.

Says It Means Strike

(By Associated Press)

Cincinnati, June 6—The new wage reductions for shopmen, ordered by the Federal Railway Labor Board today can but intensify the present feeling of dissatisfaction with railway labor conditions, and will at least result in an immediate strike vote returnable June 30th, according to B. M. Jewell, head of the shopmen's union, who is here today for the railway strike conference. Jewell declared any reduction is entirely justifiable and unreasonable.

LOUISVILLE TO HAVE IZAAK WALTON LEAGUE

(By Associated Press)

Louisville, Ky., June 5—Anglers of Louisville and vicinity will meet here on the night of June 9 for the purpose of perfecting a permanent organization of the Louisville chapter, Izaak Walton League of America. It has been announced here. At this meeting a constitution will be adopted for the chapter, members enrolled and officers elected. A temporary organization was effected at a recent meeting of persons interested in the principles of the Izaak Walton League.

The league which now comprises sixty chapters with a total membership of 60,000 was founded in Chicago in January with prevention of the depletion of American fishing fields within a generation as its purpose, according to local followers of the rod who are interested in the formation of the chapter here.

League officers have set the first year's goal at 500,000 members and plan to work for better protection of streams and more strict enforcement of the fishing and game laws.

Turley Back From Taylor

John Turley who has been putting out five acres of tobacco on his farm in Taylor county, is home for a few days' stay. He says he got his weed out in fine shape and it is looking good.

Stanford Man Sells Cattle Here

T. W. Jones, of Stanford, one of the biggest cattle dealers in Lincoln and adjoining counties, has been here several days disposing of about 250 head of light stuff which he drove over from his yards at Stanford. He received from 5 1-2 to 6 1-2 cents a pound for them, selling them out in lots to local buyers.

I eat mashed potatoes with my peas; I've done it all my life; I like the combination, cause it holds 'em on my knife.

The State Highway Commission maintains 25.9 miles of highway in Bourbon county. During 1921 4.4 miles of road were built in this county.

Romance Binding Balkan Nations

Still another link in the chain binding Balkan nations into an entente will be forged by the marriage this month of King Alexander of Yugoslavia and Princess Marie of Rumania.

25 CASES STOLEN AT FEDERAL OFFICE

(By Associated Press)

Louisville, Ky., June 6—Federal officials today announced the disappearance of a number of cases of whisky from the federal building here. The liquor was seized by prohibition enforcement officers and stored there. The quantity may amount to 25 cases.

CRACK RAGERS MAY MEET SOON

(By Associated Press)

New York, June 6—The possibility of a meeting between Morvich, Benjamin Block's unbeaten colt, and Snob II, F. S. Cadden's imported sensation, considered the fleetest three year olds of the season, loomed today as a result of the announcement that Morvich is being pointed for the Carlton stake at Aqueduct June 17th. Snob's entry in the race is uncertain, but if he runs and wins the \$50,000 Belmont classic next Saturday, there is a strong probability the rival thoroughbreds will meet later for the first time.

LILLIAN RUSSELL SUCCUMBS TO INJURY

(By Associated Press)

Pittsburg, June 6—Lillian Russell (Mrs. Alexander F. Moore) a bright star of the American comic opera for three decades and internationally known as a professional beauty, who died at her home here this morning, had been ill for several weeks. Her illness was traced to an accident on ship board while returning from Europe. She was violently thrown on the ship during a storm. She steadily failed in health, but as late as two days ago her physicians announced she had passed the crisis. The funeral probably will be held here Thursday.

Band Concert Thursday Evening

Another of those delightful Legion Band concerts will be given Thursday evening in the band stand. The first of the series last Thursday evening proved very popular and hundreds gathered to listen to Richmond's splendid musical organization.

Charles G. Marshall, of Shelbyville, is judge of the 12th judicial district of Kentucky and H. B. Kinsolving, Jr., of Shelbyville, is commonwealth attorney. There are six counties in the district.

ASKS BACK TAXES ON MRS. IRVINE'S ESTATE

State Revenue Agent Mays Alleges Shares of Stock and Real Estate Omitted

Suit for back taxes for the past five years on property alleged to have been owned by the late Mrs. Elizabeth Irvine, of Richmond, and which she is alleged to have failed to list for taxation, has been filed in county court by W. O. Mays, state revenue agent, through his attorney, Harry D. Kremer. The action is brought against John W. Crooke as executor of the estate of Mrs. Irvine. The property named on which back taxes and penalties are sought is 35 shares of stock in the Dallas Manufacturing Company, of Huntsville, Ala., on which the tax is asked for five years. Taxes for the past three years are asked on 44 acres of land, also alleged to have belonged to Mrs. Irvine and to have been omitted from the tax assessment.

The aggregate value of the property sought to be taxed by Mr. Mays is stated to be \$18,450. In addition to the normal tax a penalty of 100 per cent is asked, 6 per cent interest from time tax was due and 20 per cent penalty for the revenue agent. It is not expected that the suit will come up for several months, as A. R. Pernam, attorney for the executor of Mrs. Irvine's estate, is now in Europe on his vacation.

TWO WILLS GO TO PROBATE IN COURT

Two wills were probated in county court Tuesday when Judge J. D. Goodloe called the regular monthly session to order. The will of the late Mrs. Ellen V. Gibson was a holographic instrument. After a few small bequests the remainder of her estate, mostly personality, is left to her sister, Mrs. Mary Bates Miller, who is appointed executrix without bond. The will was dated Sept. 16, 1920.

The will of William C. Fishman, his son, E. F. Fish, and son-in-law, Joe F. Mason, as executors without bond. The will was dated Jan. 9, 1919, before the death of his wife, who preceded him to the grave. To her he left the sum of \$5,000 and their home on Breck avenue. The remainder of his estate is to be equally divided among his children, subject to advances made to several of them, and with which they are to be charged in final settlement. The late R. C. H. Covington, Sr., and R. C. Mason were witnesses to the instrument. The part of the estate that would have gone to his son, W. S. Fish, also deceased, is left in trust for his widow and children until the youngest child shall have attained the age of 21 years, when it is to be divided among his children.

FOUR NEW VOTING PRECINCTS IN COUNTY

Four new voting precincts have been created in Madison county in order to relieve the congestion which has been apparent at elections since suffrage was granted to women. It was found that 39 were not enough to take care of the double voting strength, so four more were added at the term of county court Monday. The four are carved out of others of course, as numerically equal as possible, convenience and accessibility being considered. In accordance with the law, the order of the court creating the new precincts will be published within 10 days in the Daily Register, at which times those affected by the change of voting places may inform themselves fully and in detail of the new boundaries.

DON'T let your farm animals get crippled on those old binder mowers and scrap iron laying around the farm. Kennedy Produce Co. will buy them. 132 2p

You can beat the Volstead act by cranking our beer. It has a kick. L. & N. Restaurant, Mrs. J. R. Shaw, Prop.

The Weather

Generally fair and continued warm weather tonight and Wednesday.

Tuesday's Livestock Markets
Cincinnati, June 6—Hogs 15c higher; \$11; cattle steady; calves \$10.50; lambs \$14.50 down.

Louisville, June 6—Cattle 25c slow and unchanged; hogs 1200, 10c higher, tops \$10.80; sheep 2, 000, 50c higher, \$5 down; lambs \$4 to \$10.50.

HUGE SUM TO REPAY ILLEGAL TAXES

(By Associated Press)

Washington, June 6—President Harding today asked Congress for a deficiency appropriation of \$428,000 for refunding taxes illegally collected during the finance year ending June 30, 1921.

ALL WAREHOUSES ABOUT TAKEN OVER

Lexington, Ky., June 6—Nearly 500 additional contracts were received the past week at the offices of the Field Service Division of the Burley Tobacco Growers' Co-operative Association. Assistant Chief William Collins reported Saturday. The exact number was 486. Assistant Manager James A. Dixon, of the Huntington, W. Va. district, said that 187 contracts had been signed in that territory. These, however, had not been received at the Field Service Division offices and, therefore, were not included in the week's report of contracts received.

Mr. Dixon, who was in Lexington for a brief visit before returning to his field of labor, said the association was gaining rapidly in western West Virginia and Eastern Ohio and that the campaign had reached a point at which it was deemed advisable to start county organizations. Many of the burley growers of Gallia and Lawrence counties in Ohio have signed the contract. Warehouse interests are waging a vigorous warfare on the association but with a purpose so evident that it is having little effect in that territory.

Director of Warehouses Ralph M. Barker returned from week's active work in the field, having finished valuing warehouses over the entire district. The past week he was in southern Ohio, including the towns of Ripley, Georgetown, Peebles and West Union, and also visited Brooksville, Augusta, Vanceburg and Grayson.

"I didn't find a single sorehead on the trip," said Mr. Barker. "We have arranged for the taking over of almost all the warehouses and have had no difficulty in reaching an agreement with the owners as to actual value without arbitration. I have found the warehousemen fair and an entire absence of any disposition to take advantage of the association. We rather expected that situation, inasmuch as most of the warehousemen are tobacco growers and members of the association."

E. M. Mansfield, of Carrollton, who was in Lexington Saturday, said that in his opinion, the crop of 1922 would not exceed 10 per cent more than the crop of last year in the counties he had visited. Mr. Mansfield said that most of the crop had been set out and that the plants are in fine condition. He said further that the crop had been planted earlier by fully fifteen days than for many years past; most of it having been set in May. He said the cool nights and wet weather aid the growth of the young plants.

Adair county growers are assumed of a receiving plant for their crops if they sign up the county. Green county growers also want a receiving plant at Greensburg and this, it was said at association headquarters, will be granted if the sign-up warrants it.

The Directors of the Association will hold their regular monthly session at the offices, 620 South Broadway, Wednesday.

WOMAN DEPUTY GETS BAD MAN

Brings In Man In Laurel County Who Defied Officers and Circuit Judge

London, Ky., June 6—Making good where the Sheriff and a posse of men had failed for a week, Mrs. Daisy Mathews, 45 years old, special deputy sheriff, appointed by Judge Hiram Johnson, Monday brought in Frank Helton, who had been sought by other officers for escape from custody, contempt of court and several alleged cases of moonshining, transporting and giving away liquor.

Helton pled guilty to all charges, and because it is said his family is on the verge of starvation, Judge Johnson allowed him to execute bond in all the charges, the total being about \$3,000, so that he might go home and make a crop for his wife and children. His trial is set for the October term of circuit court.

Helton was arrested by Mrs. Mathews at his home, where he had found his family in dire straits, he told the judge. In pleading guilty he promised never to violate another law. His bond on the moonshining charge was \$500 and in the other cases \$300.

In complimenting Mrs. Mathews on her service Judge Johnson said that he never gave her a case until all the men had failed and that she always "got her man." She operates a stock farm in Laurel county, of which she is a native, and her husband, I. B. Mathews, of the United States Department of Justice, is now on duty in Louisiana.

A posse of deputy sheriffs was sent into the southwestern part of the county after Helton the first part of the week, but Mrs. Mathews was only assigned to the case Saturday.

EARL COMBS LEADS ALL IN BATTING

Earl Combs, Eastern Normal boy, of Richmond, playing as utility outfielder with Louisville, is leading the American Association batters. According to batting averages as shown in the Cincinnati Enquirer Sunday, Combs has an average of .444, an exceptional mark, and especially so since Combs is what is known as a rookie, or recruit to fast baseball company. Combs has appeared in the lineup in 12 games, the averages show. He went to bat 27 times, scored five runs and made 12 hits. The next batter to him is Cavet, of Indianapolis, with an average of .428. As Combs went in as pinch hitter in one of the games Sunday and singled his only time up, his average is now over the .444 mark as shown in Sunday's paper.

Here's A Dandy Little Bank

The Peoples Bank of Paint Lick of which R. G. Woods is cashier, received more than its share of the tobacco money that was paid out to the Burley tobacco growers on May 20th. The increase in deposits from this source alone netted the bank over \$60,000, which sum is more than one-eighth of all the money paid out in both Garrard and Madison county on this day. Practically every farmer depositor of the Peoples Bank belongs to the Burley Tobacco Growers' Association.—Lancaster Record.

Body of Mrs. Tyler Arrives

Mt. Sterling, Ky., June 6—The body of Mrs. Margaret Tyler, 74, formerly of this city, who died at her home in Grainger, Washington, arrives here today for burial. She was the widow of the late Matt Tyler, prominent lawyer, and made her home here until a few years ago.

The New Normals

School folks of the state seem to think that the two new normal schools will be located where they will prove of the best service to the state and those whom they are intended to serve. The Kentucky School News, a very virile, though young, school paper, published at Frankfort, says this of the question:

Until the commission had their preliminary meeting, many rumors had it that these schools would not be located in the interest of Kentucky, but that political "deals" had been made in order to give these institutions to certain locations as political plums. Since that first meeting, however, many people are optimistic and think that the commission will locate these institutions with an eye to service. The personnel of this commission would indicate a conscientious piece of work.

Army Is Investigating Killing of Flying Officer

(By Associated Press)
Oklahoma City, Okla., June 5—The killing of Lieut. Col. Paul Ward Beck, ranking officer at Post Field, Okla., flying station, who was slain by Jean P. Day, wealthy oil man and lawyer, in the latter's home here April 4th, was reopened today when a board composed of high army officers from Washington went into executive session here today to review the proceedings.

Robert Baker, 84, Is Father of 33 Children

Harlan, Ky., June 6—Robert Baker, 84, is being congratulated on the birth of another daughter at his home in the Sunshine addition. Not so much because he is father at the age of four score

and four years, but rather because the new arrival is his 33rd child.

Mrs. Baker, the mother, is just in her 35th year, and she too, is rejoicing, for though her married life does only slightly overlap 14 years, this is her eighth child. She is Mr. Baker's seventh wife.

She was born and reared in the state of Washington. Their marriage was solemnized in Seattle, where he owned a ranch, which at once he disposed of and they migrated to Keokee, Va., where some five years ago he was superintendent of coal operation. For nine years they have resided in Harlan.

Mrs. Roy C. White is visiting Mrs. Harry B. Wilson in Irvine.

Commissioner's Sale

T. B. McCount, Plaintiff vs.

Mrs. Lula Rupard &c Defendants

Pursuant to judgment and order of sale entered in the above styled action, by the Madison Circuit Court at its May term, 1922, the undersigned Commissioner will expose to public sale to the highest and best bidder on the premises near Waco, Ky., at the hour of 10:30 o'clock a. m.

Thursday, June 8th, 1922, the following described property, to-wit:

A tract of land in Madison county, Ky., near Waco, and bounded as follows:

Beginning with a stone on Dock Deatherage line N. 5. E. 96.4 poles to a stone on the county road, N 86.45 W 62 poles to a stone, thence S 4.30 E 97 poles to a stone; thence S 87 E 59.9 poles to the beginning, containing 36.8 acres.

TERMS—Said property will be sold on a credit of six months the purchaser being required to execute a sale bond with approved security payable to the Commissioner and bearing six per cent interest from day of sale until paid, with a lien retained on the property sold until said bond and interest is fully paid.

R. B. TERRILL,

Should Get Woman Vote

Lima, Ohio, June 6—Clarence J. Faunfelter, 26 years old, one of five candidates seeking the democratic nomination for Sheriff of Allen county, has announced that in event of his nomination he will advertise for a wife, and marry the most suitable applicant. Other candidates are benedicts. The wife of the winner is to be matron of the jail. Faunfelter bars widows and divorcees.

THE BAKING POWDER QUESTION SOLVED

Most housewives proclaim that the baking powder question was solved for them the moment they used the first spoonful of Calumet. After that no doubt remained—no hoping—no searching for a perfect leavener—no wondering if bakings would "turn out all right."

CALUMET BAKING POWDER

has solved the question because in all these thirty years it has never failed to produce wholesome and appetizing foods at an economical cost. It is as pure and sure as any baking powder ever made.

Calumet is more economical than other brands selling for less because its quality is the highest—no losses from spoiled bakings.

Use Calumet once—that's enough to prove to you that it's "best by test."

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

BERTILLION SYSTEM APPLIED TO CATTLE

(By Associated Press)

St. Paul, Minn., June 6—Bertillion expert in the purebred cattle industry, an innovation in the identification of the animals by "nose prints," is the latest subject cattle men will have to learn with the spreading of the practice among livestock men.

Experimented with last October at the University farm here by W. E. Peterson, superintendent of official testing in Minnesota, at the suggestion of O. H. Baker, of the American Jersey Cattle Club, the new identification system has acted as a substitute for the unsatisfactory branding methods, in use for years past.

More than 2,000 prints have been taken and are on file, and not two have been found alike. When the suggestion had reached the ears of many of the leading cattle breeders, it was regarded as humorous bit of "air talk" but like the days subsequent to the developing of the Bertillion system and its acceptance by the world generally, the past few months has proved the efficacy of the new identification system.

The procedure in making the nose prints is simple. The cow's head is taken under the left arm, its nose wiped and ink applied thereon with a soaked stamping pad. A small board to which mimeograph paper has been attached takes the imprint. The lower edge of the paper is started at the base of the cow's upper lip and with slight, even pressure, rolled upward. The resultant nose print is a permanent record, as noses do not change with time.

According to Mr. Peterson, positive identification of animals is necessary for several reasons. Substitution of two scrub cows would have little significance he said, but if a pure bred cow should be replaced by a mediocre one, the substitution might mean thousands of dollars. Again, if a fresh cow of similar appearance were to replace a cow on official test, a serious fraud would be perpetrated.

Many insurance companies have solicited information about it. Supt. Peterson said. Under the present arrangement, the livestock owners may insure eight or ten animals and in many cases with the death of any one animal, insurance is collected, regardless of whether or not the insured cattle was the dead one, according to Mr. Peterson. With nose prints, the companies will have positive proof.

"Substitution is also possible in tuberculosis testing," the testing superintendent continued. "In a case where a valuable animal reacts to the test and is condemned, ear tags may be swapped and another animal of less value may be killed, while the reactor is saved to spread the disease to other animals."

BEND

We are having a great deal of rain.

Rev. Miller filled his appointment at the Bend school house Saturday and Sunday. There was a good attendance.

The annual meeting of the Baptists was held at Cane Spring Sunday.

Mrs. J. B. Smyth was called to Beattyville Thursday to see her mother who is very sick. She is 87 years old and has lived there all of her life.

Wm. Fielder, of Iron Mound, was attending the meeting in the Bend Sunday.

Younger Norris, of College Hill bought a large drove of cattle at Richmond court. He is grazing them on his farm near Waco.

The wheat crop is more than an average. More cantaloupes and watermelons planted in the Bend than ever known. The dairy business is on the go. Scarcely a farmer in this section but what is shipping cream. They find it pays well.

Mr. Fox paid Mrs. J. B. Smyth a visit while they were all at church Sunday, getting 30 nice young turkeys. She declares she has paid her dues for the keeping of the foxes so highly prized by the sportsmen.

FIRST STREET

RICHMOND, KY.

KU KLUX STAGE BIG INITIATION

Joliet, Ill., June 6—What was declared to be the largest gathering of the Ku Klux Klan ever conducted did not end until approaching dawn dimmed the fiery cross high over the assembly this morning.

It was said that every city north of Springfield in Illinois and many points in Iowa, Wisconsin and Indiana were represented. More than 2,000 candidates were "naturalized" in the "Invisible Empire."

The meeting was held in the woods near Plainfield and white

robed and hooded figures guarded the roads while the weird rituals were conducted by the light of flaming torches. The candidates were grouped before a throne, while on the outskirts men stood with folded arms to halt the curious.

The ceremony was reported to be that usually followed at "naturalizations." The candidate, it was said, kissed the American flag and swore to uphold the supremacy of the white race and to aid the defenseless. When the rites were completed, long after midnight, the roads were jammed for hours with autos.

A representative of the Klan sent an article to a Chicago paper last night describing the

preparations for the initiation. According to this article 6,000 automobiles carried the Klansmen to the initiation from a radius of 200 miles. Sandwiches, pie and soft drinks were served to the gathering and, according to the article submitted by the Klansmen, 50,000 sandwiches were served at a nickel each.

Coal Mine Murder Starts in Webster County

Dixon, Ky., June 5—Trial of thirteen defendants charged with complicity in the murder of L. B. Wiley, manager of the Sebree, Ky. mine of the West Virginia Coal Company at Sebree last September, is slated to begin in circuit court here today.

Dr. D. B. Knox and Mrs. Knox of Georgetown, were recent guests of Mr. and Mrs. G. B. Turley on Glyndon avenue.

Best Remedy for Stomach Trouble

"I am pleased to have the opportunity to say a good word for Chamberlain's Tablets," writes Mrs. Mamie Bertel, of Moberly, Mo. "I think they are the best remedy for stomach troubles, biliousness and constipation I have ever used. I have taken them off and on for two or three years and they always relieve indigestion, tone up the liver and make me feel fine." June

\$7,125 CERTIFICATES BOUGHT IN MAY

"The rapidly increasing popularity of the new government savings system in Richmond is evidenced by the sale of \$7,125 worth of Treasury Savings Certificates at the local post office during the month of May," stated Postmaster Robert R. Bur-nam, Jr. today.

Postmaster Burnam declared that Treasury Savings Certificates are the soundest investment conceivable, due to the fact that all risk is eliminated and they constantly increase in value. They held for five years they increase 25 per cent over the cost price, or 5 per cent per year, and both principal and interest are free from all local and state taxes.

These certificates can be purchased at the local post office in denominations of \$1000, \$100 and \$25, at cost prices of \$800, \$80 and \$20 each, respectively, and it is hoped that more people of this community will familiarize themselves with this government savings plan in order to make their dollars grow safely at the rate of 5 per cent per year.

Cut This Out and Take It With You

A man often forgets the exact name of the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quite so satisfactory for constipation and indigestion. June

Boosts Moonshine Price

The retail price of moonshine whisky touched a new high mark in this part of the country Saturday, federal dry agents say. The top price of the season was \$1.50 for an ordinary nickel pop bottle full, the "hooch hounds" assert. They base their claim on the signed affidavit of Hub Newkirk, of Winchester, that he paid a Winchester woman that price for a pop bottle full of white whisky Saturday. Newkirk was taken into custody when found at the woman's home with whisky in his possession and was lodged in the Clark county jail on a tentative charge of possessing whisky. Later he sent for the officers and told where he got it.

KIDNEY AND BLADDER TROUBLES CONQUERED OR MONEY BACK

For 40 years, said Dr. Carey, I have been prescribing my Prescription No. 777 for kidney and bladder sickness, and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price on the money back if dissatisfied plan.

Beware of kidney disease—thousands died of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have specks floating before your eyes, puffy eyes, clammy feet or moist palms backache or side ache, you ought to get a bottle of Dr. Carey's Prescription No. 777 right away.

It has wonderfully benefitted tens of thousands of cases of kidney and bladder troubles and is the medicine you can always depend upon. Results are guaranteed. NOTE—Dr. Daniel G. Carey was a practicing physician for many years and his great Prescription No. 777 aided thousands of sufferers from kidney and bladder troubles. Hereafter you can always get this effective Prescription at all reliable pharmacists the country over. Keep in mind the name—Dr. Carey's Prescription No. 777 (liquid or tablets). No other medicine can take its place. 1f

For the Relief of Rheumatic Pains

When you have stiffness and soreness of the muscles, aching joints and find it difficult to move without pain, try massaging the affected parts with Chamberlain's Liniment. It will relieve the pain and make rest and sleep possible. June

90 Die When Excursion Steamer Explodes in S. A.

Buenos Ayres, June 4.—The steamer Villa Franco, with a crowd of 100 excursionists on the Parana river, near the Paraguay-Argentina frontier, was destroyed this afternoon by an explosion of the steamer's boilers. More than 90 persons are dead. The disaster was made more horrible through repeated explosions in a cargo of gasoline in tins. The entire river, coated with gasoline was a mass of flames, making practically futile the efforts of rescuers.

Gates Young has been appointed superintendent of the Latonia track.

GIRLS! BLEACH SKIN WITH LEMON

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well and you have a quart of lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate. ad

NORMALS TAKE HARD GAME FROM PT. LICK

Eastern annexed another victory on the home lot Monday afternoon by defeating the fast Paint Lick nine by a score of 6 to 5 in a ten inning contest. The locals won out in their half of the tenth after tying the score by running two tallies in the ninth. Dunaway opened the 10th with a single to right, stole second and scored on Mainous' double to left, which touched the end of Harrison's glove but could not be caught with Harrison in such a difficult position. Dunaway pitched his first game for Eastern and pulled thru in fine style. His hitting in the pinches helped him win his game. Dunaway looked better as the game proceeded, not allowing a hit in the last two rounds, and always tightening when danger appeared.

Paint Lick took the lead by scoring a run in the second without the aid of a hit. Patrick first up, was safe when Lewis booted, stole second, took third on an out at first and scored on another play of same variety.

Eastern tied the score in the fifth. Stephenson led off with a double to center that would have been a triple or homer if a spectator had not reached out and stopped the ball. Steve stole third while Paint Lick was playing with the ball in the infield. When Davis' throw pulled Lackey off the bag on Lewis' ground ball, Stephenson scored. In the sixth Eastern added two more on three Paint Lick errors and a hit by Stephenson.

The visitors grabbed their high mark in the eighth by scoring four runs. Hits by Ward, Maupin, Davis and Harrison, coupled with errors by Lewis, Fox and Little, accounted for the four tallies. The ninth found Hembree's men two runs in the rear. Little drove one straight at Maupin. Short hit a single to center and took second on Fox's safety to left. Welch lifted to Hensley, who made a nice catch, well behind. Harrison threw wild to second and Short scored, Fox taking third. Fox scored from third on a passed ball.

Dunaway held the visitors safe in the first half of the tenth. Eastern got busy in their half of the tenth and scored the necessary tally to win.

Fox was best with the willow for Eastern, driving out three clean hits in five times at bat. One of his hits was a double. Both of Stephenson's hits were timely. Mainous stopped a dangerous rally with an unassisted double play in the fourth. Patrick hit a hard liner toward third and Mainous reached his full length to grab the ball and doubled Davis off third. Mainous

GIRL NOW WELL AND STRONG

Daughter Took Lydia E. Pinkham's Vegetable Compound as Mother Advised

Wauseon, Ohio.—"My daughter always had backache and leg-ache at certain periods and could not bear her feet at those times. We read about Lydia E. Pinkham's Vegetable Compound doing girls so much good so she began to take it. That is two years ago and she is a different girl since then able to do any work she wants to do—although she is still well and strong. We recommend Lydia E. Pinkham's Vegetable Compound to all mothers with ailing daughters, and I give you permission to publish this letter as a testimonial."—Mrs. A. M. BURKHOLDER, Route No. 2, Box 1, Wauseon, Ohio.

Something out of balance will affect the finest clock, causing it to gain or lose. The proper adjustment made, all is well. So it is with women. Some trouble may upset you completely.

Lydia E. Pinkham's Vegetable Compound will correct the cause of the trouble and disagreeable symptoms will disappear as they did in the case of Mrs. Burkholder's daughter.

MOTHERS—It is worthy of your confidence.

Match For A Cigarette Burns Girl, Destroys Car
Frankfort, Ky., June 6—Miss Cynthia Settle, of Bloomington, suffered severe burns when an automobile in which she was seated caught fire. The automobile, occupied by Miss Settle, Lawrence Wainscott and Walter Webster, also of Bloomington, had stopped at a garage for gasoline, the young woman remaining in the car. Wainscott struck a match to light a cigarette. Miss Settle was burned on both legs and the right arm. The car was destroyed.

Holds Physicians Can Be Prosecuted as Profiteers

(By Associated Press)
Budapest, June 6—Physicians can be profiteers and sentenced to imprisonment, according to a decision by the Supreme Court of Hungary. This opinion was reached in a case when a country doctor charged his patient 6,000 kronan (about \$3) for a night call, the usual fee being 500 kronan (about 25 cents).

The lower courts found that the law against profiteers is restricted to trade and commerce and cannot be applied to the learned professions. But the Supreme Court has given a new interpretation to the law, extending it not only to physicians, lawyers, engineers, etc., but to artists and members of the professions generally. Under the new ruling even an actress can be fined and punished for exacting "extravagant remuneration," evidently not in proportion with the value of the service.

Big Increase In Price Of Coal Is Predicted

Washington, June 6—An immediate increase of \$1.75 a ton in the retail price of coal as a result of the fair price maximum of \$2.50 a ton at the mines established last week, was predicted today by Roderick Stephens, chairman of the board of directors of the National Retail Coal Merchants Association at a conference of members with Commerce Secretary Hoover.

Woman Jury Scares Bootleggers in Mason

Maysville, Ky., June 6—Rather than face a woman jury, many persons indicted on charges of violating prohibition laws are changing their pleas of not guilty to guilty. In the last two weeks a woman jury in circuit court has assessed fines totaling more than \$8,000. Three liquor law violators have received prison terms at the hands of the jury.

Franchise tax paying corporations other than railroads in Kentucky paid to the state \$129,639 in taxes during 1921.

Rev. David Jones, of Freehold, N. J., is the first white man known to have landed on the soil of Boyd county. He made this trip on June 9, 1772.

WALKING REX

Sired by Rex Peavine (the Champion Sire).
1st dam by Montgomery Chief, 2nd dam by Chester Dare.
Walking Rex is a natural walking horse with a great deal of style and action, and with his superb breeding should sire a show horse as well as walking horses. Will make the season at my home 2 1-2 miles from Richmond on the Lexington pike, at \$30.00 to insure a living colt. Money due when colt is foaled or mare parted with. Lien retained on colt for season money. Phone 285. JAS. J. NEALE. 2w to July 1.
